Addendum to the UC San Diego Associated Residential Community Housing Rental Agreement for the premises located at ____________________, hereinafter referred to as “Apartment”, between The Regents of the University of California, hereinafter referred to as the “University”, and ________________________, hereinafter referred to as “Resident”, P.I.D.# __________________.

It is agreed by the University and Resident that by submitting this Addendum the Resident has elected to have the University assign another eligible student to reside in the apartment based on the option selected below. (PLEASE CHECK ONE OPTION BELOW.)

_____ I elect the University to assign a roommate to me at this time, but I reserve the right to find my own roommate in the future. I understand that I will be financially responsible for the total monthly rent anytime that I do not have a roommate.

_____ I elect the University to assign a roommate during the remainder of my residency.

Thirty days after this Addendum is received by the office, Resident will be released from responsibility for total monthly rent. Thereafter, Resident will be responsible for one half of the total monthly rent through the remainder of the term of the Resident’s rental agreement, unless Resident elects to maintain the right to select future roommates.

The University will assign an eligible student to the Apartment based on the student’s application date. The student assigned to the Apartment will be the same gender as the Resident. Once an eligible student has been assigned to the Apartment, the University will send electronic notification to Resident.

A preliminary inspection will be conducted between the hours of 10 am and 12 noon at the apartment on the 2nd business day after you have submitted this Addendum. This allows preliminary assessment of the condition of the apartment to schedule cleaning and repairs. The University will be responsible for cleaning the vacant room and will provide advance written notice of entry.
