**JavaScript must be enabled.** If you disable JavaScript, My Room Assignment will not function properly and you will be unable to view your assignment, make changes or access your Qwik Pass.

**Cookies/Session Variables must be enabled.** Disabling cookies and session variables may cause My Room Assignment to not function properly and you will be unable to view your assignment, make changes or access your Qwik Pass.

**Pop-up window blockers must be turned off.**

**Personal firewalls may cause problems during the Room Selection process.** Please be prepared to disabled your personal firewall.

**NOTE:** You may experience problems due to wireless roaming. If your Cell Phone Network Address changes you may lose or disconnect your session.

Please ensure that your browser meets the above system requirements.
