**AOL and WebTV are not supported.** Please ensure you have access to a supported computer platform which utilizes the browsers listed above.

**JavaScript must be enabled.** If you disable JavaScript, the Room Selection interface will not function properly and you will be unable to complete the necessary steps to sign-up for on-campus housing.

**Cookies/Session Variables must be enabled.** Disabling cookies and session variables will also interfere with the Room Selection interface and may hinder your ability to sign up for on-campus housing.

**Pop-up window blockers must be turned off.**

**Personal firewalls may cause problems during the Room Selection process.** Please be prepared to disable your personal firewall.

Acrobat Reader must be installed.

Please ensure that your browser meets the above requirements.
