

FAQ UC San Diego Traditional Summer Housing Program 2018 Eligibility, Contract Process/Payment and Dining Plan

Eligibility

Nonresidents (students who are **not currently** housed on campus), visitors, incoming freshmen, and incoming transfer students enrolled at the university in the summer will be housed in the **Traditional Summer Housing Program**. **All summer housing residents must be enrolled in courses** in order to be eligible for on campus housing. The Traditional Summer Program includes the Triton Blue dining plan in addition to custodial services which includes the cleaning of common areas *only* (laundry facilities, student activity center, kitchen (apartments only), bathroom and student lounge). Residents are responsible for the cleaning of their private sleeping areas and removal of their trash.

ELI Program (English Language Institute)

International students who are enrolled in an English Language Program course or a professional certificate program through UC Extension should arrange for their Housing through the [Extension website](#).

If you will be affiliated with the university throughout the summer (i.e. visiting professor, paid internships, UC San Diego alumni) **but not enrolled in courses**, please contact **Conference Services** for assistance to secure Summer Housing: <http://hdh.ucsd.edu/conference>.

Contract Process & Pre-Payment

Your housing application will be processed within 3-5 business days upon being received by the Summer Housing Team. After, you will receive an email with the contract link in order to sign your housing contract. Once your contract has been signed you will receive another email with the link to submit a prepayment in the amount of \$150.00 via E-check. **This \$150.00 prepayment cannot be paid via your student account on Triton Link**, as there will not be a charge on your student account. Instead, you will be directed to a secure third-party site to make the prepayment. Please make sure that you have the following information ready to make your e-check payment: name of the bank, account holder, bank account number, and routing number. **You will have three days from the time that you receive the payment link to submit your prepayment.** Failure to submit your prepayment within the given deadline of three days will result in your application being considered null and void by the Summer Housing Team.

If you are having problems with the contracting process, please email the Summer Housing Team at summerhousing@ucsd.edu with your name and your PID.

6 Week Session (7/1 – 8/11)	June 13th
8 Week Session (7/1– 8/25)	June 13th

Students arriving before the start of their housing contract for Summer Session Two will need to find other accommodations.**

***The Housing Office requests that you submit your summer housing application by the *priority deadline* ONLY so we are better able to honor your preferences (i.e. session dates, room preference, and roommate requests). If you miss the priority deadline for chosen session, you may still apply and be housed on campus if there is space, however the Summer Allocations Office may not be able to place you in your preferred room space nor consider your roommate requests.

Roommate Requests

Students are matched based on their gender and preferences indicated on their Personal History Form. You can request a roommate for summer during the housing contracting process. Please include the name and PID of the student you wish to request as your roommate. Your Summer Housing assignment is determined by your housing application date and room type preference. It is required that both (or all three students) must be of the same gender, and contracted for the same summer housing program and session.

The Summer Allocations Office is unable to guarantee roommate requests, however roommate requests **will be considered** as long as all four of the following guidelines are met:

1. Both students are contracted for the Traditional Summer Housing Program.
2. Both students are allocated a double or triple occupancy space.
3. Both students contract at the same time.
4. Both students are contracting for the same session.

Resident's room, roommate assignment, and P.O Box will be issued online prior to move-in day by the Thurgood Marshall Residence Life Office. The Summer Housing Team does not have this information. Students will be emailed approximately 5-7 days before move-in.
